Community Education Workshop: Heart of Your Business - Women and Heart Disease

Heart disease is not just a man's disease. Heart disease has claimed more females than males, killing nearly half a million women each year - the next seven causes of death combined. Heart disease affects the core of your employees. This #1 threat for men and women also can kill or cripple your bottom line. The Emory Heart Center, Jenny Pruitt, president, Jenny Pruitt Realty Georgia Cardiovascular Health Initiative invite you to join other business women in a program and learn how to reduce your risk of heart disease and keep your and your bottom line healthy. Jenny Pruitt, Jenny Pruitt Realty, Welcome a Angel Leon, MD, Emory cardiologist, discusses heart disease risk factors, prevention for women Peter Townsley, Georgia Cardiovascular Health Initiative discusses real solutions and direction for companies with un-manageable health cost Robbie Burlas, Georgia Cardiovascular Health Initiative, discusses how to reduce costs RSVP Before Thursday, February 17, 2005 by calling Emory HealthConnection at 404-778-7777. Cost: Free
